

LKVM17XDS 1U LCD KVM Display Drawer

- ▶ Ultra High Resolution 17" LCD
- ▶ 1U Rack Mount Display Drawer
- ▶ Integrated Keyboard with Full Numerical Key Pad
- ▶ Rugged Precision Trackball or Touchpad Mouse
- ▶ VGA or DVI-D Video Inputs
- ▶ Inbuilt KVM Switch

Westek Technology's next generation 1U pull out drawer with high quality 17" LCD is a complete solution when an all-in-one monitor, keyboard and mouse is required.

Slide rails with fixed positions prevent drawer movement when typing, and an enhanced latch on the front handle keeps the drawer securely in place.

The drawer is easily mountable in the rack, and there is a choice of AC or DC power.

An inbuilt KVM switch allows the display drawer to switch between servers at the press of the button - see the following page for more information.

17" LCD Panel Information:

Display Pixel	1920 x 1200
